

Honourable Company of Master Mariners

Future Skills Conference

FORMING AN INNOVATIVE AND FORWARD-LOOKING MARITIME TRAINING STRATEGY

Conference Programme

0830 - 0900 Registration
0900 Welcome & Introduction
0910 Keynote Speech - Kathryn Neilson (Director, MNTB)

Session One **Soft Skills & Safety Culture**

0930 - 1100 Leading industry speakers will guide us through strategies to instill a range of soft skills, a strong safety culture and a deep understanding of mental health and wellness issues. A panel Q&A will follow.

Session Two **Technical & Digital Skills**

1130 - 1300 We will investigate the skills that today's and tomorrow's seafarers require, as technology becomes more central to a vessel's operations and automation becomes more widespread. We will also hear about innovate models for Cadet education and medical training. A panel Q&A will follow.

Session Three **Training & Qualification Strategies**

1400 - 1530 After lunch, we will consider the potential for new training technologies, such as simulation and virtual reality, to revolutionise training, and how the existing system of qualifications needs to change to ensure that our seafarers are able to take on the challenges they face. A panel Q&A will follow.

Session Four **Training & Qualification Strategies**

1540 - 1700 Over coffee, delegates will reflect on the conference and develop a coherent strategy for seafarer training in the future.

Delegates are welcome to enjoy the Wardroom for informal drinks and networking after the conference.

Places are limited and pre-booking is essential.

£30 members, £35 non-members
including lunch and refreshments

12/06/19, 0900-1700
